VOLENDAM

DECK PLANS & STATEROOMS

The deck plans on cruise cards by category or stateroom are subject to change. Some ships may be temporarily or permanently retrofitted or equipped with stateroom (S) staircase lift to accommodate guests with mobility challenges.

Important Note: For all stateroom upgrade requests, please contact your Vacations To Points representative. Upgrade requests are not guaranteed and are subject to availability.

Important Note: Not all stateroom upgrades are offered for sale. Some of the most sought-after staterooms are held back for loyalty guests, travel agents, and other special groups. Your Vacations To Points representative can help you find the best available stateroom for your needs.
